

DB2 Data Management Software

This CD-ROM introduces DB2 Performance Expert, which integrates DB2 Performance Monitor and DB2 Buffer Pool Analyzer into one tool. The CD-ROM contains an overview of the components, different scenarios, and the documentation. For the latest news, link to our Web site at ibm.com/software/data/db2imstools/db2tools/db2pe.

Contents current as of 05/2002
